THESE ITEMS ARE NOT FOR DUPLICATION

These CDs and DVDs are produced in "PDF with Image" format. This means that the original scanned material appears on the monitor as it originally looked. OCR-ing (Optical Code Reading) is not 100% accurate but the text is quite Searchable with Adobe Reader, with some limits. IMPORTANTLY, proximity searching across, for example, all 51 books of Writings of J. N. Darby (including the New Testament with critical apparatus) as well as searching individual books is possible. So, what you see on screen is an image of how the book page looks, yet is searchable for words or phrases. Thus Hebrew and Greek appears on screen (though not searchable). Searching instructions and examples are included on the disk in a printable file.

The USA postal service now requires all international mail to be shipped by air, and supplies two Priority Flat Rate boxes (8 1/2 x 11 x 5 1/2 and 13 1/2 x 11 7/8 x 3 3/8 inches) into which the order must fit, up to 20 pounds maximum. The Priority Flat Rate Envelope is good for CDs and some books. Of course, these Boxes and Envelope will likely be physically filled before the maximum weight allowed is reached. There is also a Priority Mail rate by the pound of weight.

Fourteen CD's in fourteen slim Jewel Cases (good protection, and also placed inside a bubble bag within the Envelope) would form a 30 ounce package. That would be the maximum feasible number for a Flat Rate Envelope.

Books can be shipped by air in M-Bags, 44 pound max. to England, 60 pounds max. elsewhere. A 30 pound M-bag of books to Group 3 would be \$85.50 -- to Canada, \$51.00, to Australia, 118.50.
